

11th Annual Family Policy Council
Network Leadership Retreat
TRANSFORMATION IS AFOOT:
Action for Positive Adaption!

Monday, September 27, 10 am start
through Tuesday, September 28, 3:00pm
Warm Beach Conference Center
20800 Marine Drive, Stanwood, WA 98292

You're invited to join us, as we gather for the **Network Retreat** at Warm Beach to explore:

- What does it take to renew and sustain resilient communities?
 - How do we develop new ways of working together within our communities?
 - How do we create new connections and relationships for future action?
 - What does planning for the future mean in this world of uncertainty?
 - How can we persevere and receive acknowledgment for our leadership?
-

Who is planning our future anyway?

We face a complex web of economic, social, cultural and environmental challenges in our communities. We feel unsettled and overwhelmed at times, yet we are also energized by a sense of possibility and future. We endeavor to make a difference. This is an exciting time for the Family Policy Community Network partners statewide!

In a world that is constantly changing, building resilient people and resilient communities is vital. We are inventive, resourceful, creative, skillful and clever people who notice what is happening in our communities. We strive for purposeful decision-making and action. We see a better way to create our future together.

How can you participate?

We are designing an experience believing that collectively we have solutions – we need to see them, see how they connect, and determine how to act on them. Our assumption is that tapping into the collective wisdom in the room

is what we need at this time. We gather to draw on our many perspectives. *Much of the agenda will be generated together — the conversations and issues that matter to all of us.*

Come share about what we are all learning from the Service Change Inventory, the new Resilience Research and help design the next steps to *powerful and positive Action!*
